

# Hisarya – Diocletianopolis

## STUNNING VARIETY OF ROMAN RELICS

Hisarya – or Diocletianopolis in Roman times – was founded by the Roman emperor Diocletian because of its precious mineral springs. The town offers an impressive variety of Roman relics with the fortification wall being the most striking one. 2327 m long and up to 11 m high, it is the best-preserved one in Europe. Many other Roman ruins are spread around the town, e.g. a thermal bath and an amphitheatre.

## EXTRAORDINARY MULTITUDE OF SPRINGS

22 mineral water springs with different characteristics and temperature are nature's gift to Hisarya. Their healing effects are used to cure a vast number of ailments. The healing water is applied to both drinking cures and baths. Enjoy the healing and relaxing effects of Hisarya's unique mineral waters during a stay in Spa Hotel Hissar offering a huge variety of medical and wellness treatments.

## PLEASANT CLIMATE AND BEAUTIFUL NATURE

Thanks to its location in central Bulgaria Hisarya benefits from a mild and pleasant climate with an average of 280 sun days a year. Hisarya's numerous parks and gardens full of venerable trees and thousands of plants and flowers invite to long and relaxing strolls. Its region is famous for the tasteful grapes and wines – a culinary invitation wanting to be enjoyed with all senses.

## PLOVDIV – EUROPE'S OLDEST CITY

Plovdiv – Bulgaria's second biggest and one of the world's oldest cities – is only a stone's throw away from Hisarya. The Roman theatre, stadium and forum are only three of the city's numerous relics from Roman times. Dive into the Roman history with a trip to Plovdiv and discover its beautiful surrounding nature. Plovdiv has been chosen as European Capital of Culture 2019.
